

Sarthak Veggalam

Product designer who can code

Experience

Cleartrip March 2019 - Present

Designed interfaces for both Desktop and Mobile across core products like CX, Hotels and Activities.

As part of the Design System team, regularly contributed to documentation and shipping UI components.

Shipped a side project in cross collaboration with other teams and presented functional prototypes to senior leadership

(* Due to NDA, not all projects are shown on the online portfolio)

Hostelworld May 2018

Redesigned Hostelworld search listings page using user centered design principles. Conducted contextual user interviews, usability testing and qualitative data analysis

LabOrders Oct - Nov 2018

Redesigned a B2B product for scientific institutions. My responsibilities were facilitating user research, creating wireframes and mockups and conducting design reviews with client.

Education

Digital Design

Jan 2018 - Dec 2018

The New Digital School, Porto, Portugal

B.Tech in IT and Mathematics

May 2012 - May 2016

Cluster Innovation Center, University of Delhi
